**Our Mandate**

Alias Dance Project is committed to educating youth living in urban and rural areas. We believe that through sharing our art form we can provide an invaluable experience that will help build confidence, pride and self esteem. Alias Strives to build a safe environment for free expression, uninhibited movement and lots of learning. Using methods that emphasize collaboration, we encourage a dialogue and together with our students we work to build a sense of community in positive and encouraging ways.

This summer intensive has been created to offer young artists an opportunity to study and work in a professional environment with celebrated teachers, creators and performers.

We hope to promote a culture of artistic expression and nurture the creativity.
